

LIVE SEARCH

Click on the "Search for Location".

Type **address** which you want to search like Queensland, Australia.

Select address from Autocomplete dropdown.

The screenshot displays a vehicle tracking software interface. The top navigation bar includes a search field with the text "Search Type Vehicle/Driver Name" and a magnifying glass icon. To the right of the search field are buttons for "Advance Search", "Mobilize/Immobilize", "Geofence", and "Nearest Vehicle". A dropdown menu is open below the search field, showing a list of search results for "Queensland":

- Queensland Road London, UK
- Queensland Avenue Broadbeach QLD, Australia
- Queensland Drive Southeast Calgary, AB, Can...
- Queensland Avenue Coventry, UK
- Queensland Crescent Chelmsford, UK

The bottom section of the interface shows a map of Queensland, Australia, with a red pin marking the location of "Queensland Avenue, Broadbeach QLD, Aust". The map also shows other streets like "Queensland Ave" and "Federation Park". The bottom right corner of the map includes navigation controls like a compass, zoom in (+) and zoom out (-) buttons, and a location pin icon.

At the bottom of the interface, there are two "Daily Activity Log" sections. Each section has a table with columns for "Event Time", "Ign", "Speed", "Trip", and "Location". The first table shows "No Record Found...". The second table shows a record: "99AMG Vehicle Credit 23/09/2021 18:04:50 0.00 117, The Avenue, Sunshine West".

It will show the location on map
