

Messaging Setup

- To receive a message alert on your mobile you need to buy our messaging service. For this select number of messages you want to buy, just click on radio button.
- Select 'Credit card type' then fill the 'credit card details'
- Please fill Address details.

The screenshot shows the 'Messaging Setup' web interface. On the left is a navigation sidebar with buttons for Geofences, Inputs And Outputs, Maintenance Schedules, Map Notification, Messaging Setup (highlighted), Recipient Setup, and a gear icon. The main content area is titled 'Messaging Setup' and includes a status bar 'M-Protpekt Messaging Service Balance : 0 Messages.' Below this is a paragraph explaining the M-Protpekt MMS service. The form is divided into two main sections: '1. Select one of the following 2 Options:*' and '5. Address to send receipt to :'. Section 1 contains two radio buttons for '1000 SMS alert for \$180(incl GST)' (selected) and '100 SMS alert for \$20(incl GST)'. Section 2, 'Credit card type (Please note AMEX incurs 2.4% surcharge):*', has three radio buttons for 'Mastercard', 'VISA', and 'AMERICAN EXPRESS'. Section 3, 'Credit Card Detail:', includes fields for 'Card Number*', 'Name On Card*', 'Expire Date*', and 'Expire Year*'. Section 4, 'Your card will be charged of amount:', shows '\$ 180.00' and a checkbox for automatic top-up. Section 5, 'Address to send receipt to :', includes fields for 'Contact Name*', 'Company Name*', 'Unit No', 'Road Name', 'Town/City', 'State*', 'Post Code*', 'Country*', 'Email*', and 'Phone Number'. At the bottom right are 'Save' and 'Reset' buttons. A breadcrumb trail at the bottom reads 'Admin > VMSSetup'. Red arrows from the text above point to the radio buttons, credit card type options, card number field, address fields, and the Save/Reset buttons.

- If you want your 'SMS alert pack' will automatically update in future, click on this checkbox.
- Click on 'Save' button to save the details
- Click 'Reset' button to reset the panel.
